Agricultural Systems **40** (1992) 417–418

CONTENTS OF VOLUME 40

Numbers 1–3

SPECIAL ISSUE
Systems Approaches for Agricultural Development

Editorial 1
PAUL S. TENG (The Philippines) &
FRITS PENNING DE VRIES (The Netherlands)

Foreword 5
HON. DR. ANAT ARBHABHIRAMA (Thailand)

Sustainable and Increased Food Production 7
ROBERT O. BLAKE (USA)

Agriculture and Economic Development Revisited 21
C. PETER TIMMER (USA)

Setting Agricultural Research Priorities for the CGIAR 59
G. GRYSEELS, J. MONYO, A. KASSAM, E. CRASWELL,
C. T. DE WIT, A. McCALLA & M. COLLINSON (Italy)

Efficacy and Efficiency in Agricultural Research: A Systems View . . . 105
J. R. ANDERSON (USA) & J. B. HARDAKER (Australia)

Resource Use Efficiency in Agriculture 125
C. T. DE WIT (The Netherlands)

Systems Approaches to Agricultural Development: The Hawkesbury Experience 153
R. J. BAWDEN (Australia)

Agricultural Education: The Need for Generalists 177
S. JAYARAJ (India)

Long Term Options for Land Use in the European Community. 195
R. RABBINGE & H. C. VAN LATESTEIJN (The Netherlands)

Yield Forecasting. 211
T. HORIE, M. YAJIMA & H. NAKAGAWA (Japan)

Agricultural Systems (**40**) (1992)—© 1992 Elsevier Science Publishers Ltd, England. Printed in Great Britain

Implementing the Systems Approach in Pest Management 237
P. S. TENG & S. SAVARY (The Philippines)

Systems Approaches to Quantify Crop-Weed Interactions and their Application in Weed Management 265
M. J. KROPFF (The Philippines) & L. A. P. LOTZ (The Netherlands)

The Impact of Irrigation on Production and Income Variability: Simulation of Diversion Irrigation in the Philippines 283
M. W. ROSEGRANT (USA)

Index 305

Number 4

Policy Generating Systems: Market Forces and Agricultural and Rural Development and Research 311
P. SMITH (UK)

Impact of Fertilizer Use on Production and Cash Income of Small-Scale Farmers in the Highland Areas of Ethiopia 333
A. BELETE (Kenya), J. L. DILLON (Australia) &
F. M. ANDERSON (New Zealand)

Modelling the Competition for Light and Nitrogen between Rice and *Echinochloa Crus-galli* 345
B. GRAF (Switzerland) & J. E. HILL (USA)

Population Pressure, Land Degradation and Sustainable Agricultural Technologies in the Sahel 361
S. RAMASWAMY & J. H. SANDERS (USA)

Modifying the Response to Defoliation during Vegetative Growth in CERES-Maize 379
A. WEISS & E. L. PIPER (USA)

Using Hierarchical Systems Aggregation to Model the Value of Information in Agricultural Systems: An Application for Climate Forecast Information . . 393
M. A. MAZZOCCO, J. W. MJELDE, S. T. SONKA, P. J. LAMB &
S. E. HOLLINGER (USA)

Book Reviews 413
